

Indiana Friends

On March 12th, the club celebrated St. Patrick’s Day at Frankie Farrell’s Irish Pub and Grille, near Disney. The food is always good, and it was a fun night to be together. Several Indiana Friends are involved in the Solivita Starliters show. This year it’s **Music From the Movies**, and after the April 22nd show, Indiana Friends will gather for a dessert party in the Gator Room. More information will be sent to members via email. Indiana Friends always welcomes new members, so please contact our co-presidents at jcwolber@msn.com for details.

It was a fun night at Capone’s Dinner Show in February!

Solivita Radio Club

The Solivita Radio Club’s participation in Winter Field Day 2023 again demonstrated our ability to set up temporary radios, antennas, and off-the-grid power to support a possible emergency. Our club members made 289 radio contacts with other stations, while the last weekend in January did have us operating outside in chilly temperatures for Florida. Many of the stations we contacted were operating in subfreezing outside conditions. If interested in wireless communications, please attend our meetings held the last Thursday of each month at 7pm in the Gator Room. To join, please contact Paul Bresnowitz at 201-919-6875 or N2TTR@ARRL.NET.

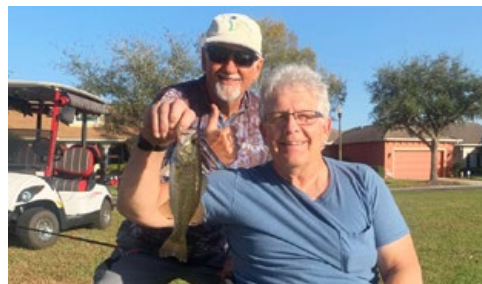

Solivita Fishing Club (SFC)

Thanks to the many friends of the Solivita Fishing Club! You showed your love by picking our Mardi Gras food tables for our Famous Brats Combo and we **SOLD OUT (275) in 90 minutes!** It was our pleasure once again to serve our community with the “best food deal” in the Mardi Gras food court! Another way we serve you is through our best in class, **AmBASSador Program**. It’s our mentoring program to equip members and neighbors to *fish our ponds in a safe and compliant manner*. Check out our club webpage on SolivitaHOA.com to find out how to apply.

275 SFC Brats Combos Sold at Mardi Gras Street Party

Mentoring session with John Whalen in partnership with Ralph Whalen of the SolAbility Club.
