

Green Thumbs Club

Our guest speaker for our “All about Poinsettias and Christmas Cactus” program was Danny Sexton, Owner, and Master Florist Designer from Kissimmee Florist. Danny is one of our favorite presenters. He not only provides great information, but he has a knack for bringing humor into all his presentations which provides great entertainment. Danny’s generous donation of plants was raffled off for charity. Our Poinsettia and Christmas Cactus plant sale fundraiser was a huge success! Proceeds were over \$1,000 which will go to our charity, the Sunshine Foundation Dream Village in Davenport. Our “Members Only” luncheon is on January 24th. For information, call Retha Sellers at 863-427-3317.

Solivita Radio Club

The Solivita Radio Club will be setting up and participating in the 2023 Winter Field Day event on January 28th and 29th. Winter Field Day is a popular on-the-air event held annually to help amateur radio operators increase their level of preparedness for disasters and improve operational skills in subpar conditions. Our club will contact as many other stations as possible using amateur radios, operating in less-than-optimal conditions. Our club also wants to educate non-amateur radio operators about the hobby. Everyone in Solivita is welcome to stop by the Wimbledon Pavilion near Freedom Park to see our set-up and operations.
